Re-launch of P2 News

For more than 20 years, Iowa businesses and institutions have saved money and become environmental leaders by working with the DNR's Pollution Prevention (P2) Services. We offer confidential and non-regulatory assistance to improve bottom lines and reduce environmental impacts.

In an effort to better serve our clients in 2017, we are relaunching *P2 News* on a monthly basis. Our mission for this newsletter is to foster a pollution prevention community in the State of Iowa by providing our clients with accurate and current technical information and resources, and details regarding local environmental conferences and workshops. We want to provide a platform from which Iowa companies can be recognized and celebrated for their pollution prevention efforts and successes and an avenue through which valuable lessons learned might be shared.

Meet the P2 team members that can help you with your pollution prevention efforts.

Jeff Fiagle - As team leader, Jeff provides EMS assistance and coordinates the EMS and Strategic Goals Program workshops. Jeff can be reached at (515) 725-8353 or jeff.fiagle@dnr.iowa.gov.

Danielle Dilks - As the intern program coordinator, Danielle oversees the recruitment, placement, and training of the interns, and the development and distribution of the annual case summary book. Danielle can be reached at (515) 725-8363 or danielle.dilks@dnr.iowa.gov.

Jennifer Reutzel Vaughan - As a technical adviser, Jennifer provides assessment program coordination, multi-media technical assistance, and assists in program project management and outreach. Jennifer can be reached (515) 725-8370 or jennifer.reutzel@dnr.iowa.gov

Callie Kirkegaard - As a technical adviser, Callie provides project development assistance and serves as an adviser for the intern program. Callie can be reached at (515) 725-8361 or callie.kirkegaard@dnr.iowa.gov.

Learn more about our program at www.iowap2services.com.
